Welcome to Aptia365

Having the right healthcare coverage to meet your needs and budget during retirement is important. That is why Aramco has engaged Aptia365 to help you evaluate your new plan options and find a healthcare plan that best fits your need and budget.

This change is intended to provide Post-65 Non-Medicare eligible retirees and Post-65 Non-Medicare eligible dependents with flexibility and assistance with:

- Providing access to a variety of plans in the marketplace.
- Connecting you with an experienced, licensed benefits counselor who will assist you in making a healthcare plan election.

You will be able to explore options for new healthcare coverage through Aptia365. You now have several options to choose from to meet your healthcare and prescription drug needs. Aptia365 and its benefits counselors are ready to support you before, during, and long after your health plan selection changes. They will help you understand the different individual plans offered to you and assist you in determining which plans provide the coverage you need.

Aramco will provide you with an HRA (Health Reimbursement Arrangement) account to offset the cost of your healthcare plan. This HRA, set up in the retiree's name, is a special, tax-free account that may be used to provide reimbursements for eligible healthcare premiums as defined by your employer and the IRS. To be eligible for the HRA, you must enroll in a qualifying medical plan in the Non-Medicare eligible individual marketplace. A Reimbursement Instructional Guide will be provided in a separate mailing upon your enrollment in medical coverage.

If you choose to use a federal tax credit, you will not be eligible to utilize the HRA when receiving the tax credit. A benefits counselor will help you understand your options and answer any questions you may have.

You will have assistance from a benefits counselor at every step. A counselor will help you compare your health and prescription drug coverage options. You may also visit our website to learn more about the different plans and compare your coverage options. Refer to page 4 for more information about connecting with a benefits counselor.

In the meantime, review this Enrollment Guide. It contains tools and exercises to help you start learning about your healthcare plan options. Completing the information requested in this guide will make it easy for you and a benefits counselor to evaluate your options and help you enroll on time.

Our team is excited to serve you in this new program. Benefits counselors are available to support you during your enrollment period. You may reach Aptia365:

- Online at retiree.aptia365.com/aramco at your convenience, 24 hours a day, seven days a week.
- Any business day, from 8:00 a.m. to 5:30 p.m. ET at 1-855-230-2064 toll-free (deaf or hard of hearing individuals should dial 711) to set up a consultation. If you are calling from outside of the US, dial 515-243-1776; Option 5 for Aptia365.

3

BELOW ARE SOME QUESTIONS YOU AND ALL FAMILY MEMBERS WHO ARE POST-65 NON-MEDICARE ELIGIBLE SHOULD CONSIDER. These will help determine the best plan at a cost you can afford:

- Who do you want to enroll and what are their dates of birth?
- How many times a year do you or your family visit the doctor?
- Do your healthcare providers participate with carriers on the individual health insurance market? (You can call your providers and ask the billing department.)
- How many ongoing monthly prescriptions do you have?
- Are any other benefits such as children’s dental or chiropractic care important to you?
- Are you currently receiving Medicaid benefits?

4

GATHER THE FOLLOWING INFORMATION TO SHARE WITH YOUR BENEFITS COUNSELOR:

- Your Social Security Number (or other document ID number if you are a legal immigrant).
- Your household income: you should have a pay stub, your W-2 tax form, or your most recent tax return and other income information. This could include unemployment checks, child support, veterans’ payments, alimony, retirement income or other sources.
- People in your household: the number of people who you claim as dependents, whether or not they live with you.
- Current medical plan information: the type of current medical coverage you have and other medical plans you may have access to now.
- As a Post-65 Non-Medicare eligible participant, you will need to provide a letter from Medicare or the Social Security Administration stating that you and/or your eligible dependents are not eligible for premium-free Medicare Part A or Medicare Part A with premium payments.

5

BE READY ON THE DATE AND TIME YOU SELECTED, AND:

- Allow enough time for the consultation, approximately 60-90 minutes per person.
- Make certain any family member, caregiver, or a power of attorney that you wish on the call is available for the call if desired.
- Wait for your benefits counselor to call you.
- Promptly reschedule the consultation if you find you cannot keep the appointment you originally scheduled by going online at retiree.aptia365.com/aramco. Click “Schedule a Consultation” then select the option “Post-65 Non-Medicare Eligible”.
- If you prefer, call 1-855-230-2064; those who are deaf or hard of hearing should dial 711 for Telecommunications Relay Service. If calling from outside of the US, dial 515-243-1776; Option 5 for Aptia365.

How can I learn more about options available to me as a Post-65 Non-Medicare Eligible individual?

When you begin researching and shopping for a healthcare plan through Aptia365, you will see that plans are tiered and named after metals: Platinum, Gold, Silver, and Bronze. The cost sharing structure is different from tier to tier. But keep in mind that all of the plans, regardless of tier, combine both health coverage and prescription coverage under one plan.

Lower out-of-pocket expense

PLATINUM: typically, the premium payments are highest for this tier, but the expected out-of-pocket costs when seeking care are the lowest among the tiers. Availability of these plans is very limited and varies by geography.

GOLD: typically, the premium payments are the lower than Platinum, but the expected out-of-pocket costs when seeking care are slightly higher.

SILVER: typically, the premium payments are lower than Gold and higher than Bronze. The expected out-of-pocket costs when seeking care are slightly higher than Gold and lower than Bronze.

Higher out-of-pocket expense

BRONZE: typically, the premium payments are the lowest for this tier, but the expected out-of-pocket costs when seeking care are the highest among the tier.

KEEP IN MIND

When you enroll

After researching your medical plan options and gathering your basic household information as listed above, please keep in mind:

- You have options for coverage: you may elect a plan that provides coverage for your family, or each family member can enroll in an individual plan.
- You may have access to federal tax credits: when you call Aptia365, your benefits counselor will walk you through your options. They will help you determine whether there are tax credits for which you may qualify. **You can only use a federal tax credit or employer provided subsidy, but may not use both. If you choose to use a federal tax credit, you will not be eligible to receive the HRA while receiving the tax credit.** A benefits counselor will discuss this with you during your consultation.

As you compare your medical plan options, it is important to consider all the costs of the plan, not just the monthly premium. When determining your budget, remember to include other factors that go into your healthcare expenses, like prescriptions and provider visit co-payments. This will help you get a clear picture of the true cost differences among the insurance plans.

What other insurance options should I be considering to round out my coverage?

During your consultation with your licensed benefits counselor, he or she will review all of your benefits options with you, discuss your personal situation, and answer any questions you may have. Your benefits counselor will help educate you about additional insurance options available that you may wish to consider in order to make the best possible decision for you and your family.

ALSO AVAILABLE THROUGH APTIA365:

DENTAL INSURANCE

Enrolling in dental insurance can be a cost-effective way to address the costs of annual exams and related services such as fillings and extractions. Dental insurance can play an important role in your health. Since people with dental insurance are more likely to visit the dentist, a solid insurance plan can help you maintain good oral health, which promotes your overall health.

VISION INSURANCE

Vision insurance is a type of supplemental insurance that can help pay for yearly eyesight exams, glasses and/or contact lenses. With vision insurance, you will also have access to eye doctors who are focused on keeping your eyes healthy by detecting conditions such as glaucoma or cataracts.

You may go online to view your additional insurance options and enroll in a plan of your choice.

- Start by visiting the homepage at retiree.aptia365.com/aramco.
- Under the 'Shop & Compare' section, click on the box to the far right titled 'DENTAL, VISION, & OTHER OPTIONS'. You may explore other insurance options such as Dental and Vision.

\$ How does my subsidy work and how will I be reimbursed?

Your former employer is providing a Health Reimbursement Arrangement (HRA) account for their retirees and eligible dependents. This HRA may be used for reimbursement of eligible healthcare premiums as defined by your former employer.

If you choose to use a federal tax credit, you will not be eligible to receive the HRA while receiving the tax credit. A benefits counselor will discuss this with you during your consultation.

Once you select your plan(s), you will first pay your premium(s) directly to your insurance carrier(s), then the retiree will submit a claim for premium reimbursement. The retiree will be reimbursed from available funds in the HRA account.

You will receive additional information in a future mailing outlining how to set up and utilize your HRA.

What type of assistance is available to me after I enroll?

We are here to help beyond your initial enrollment

Once you have enrolled in a healthcare plan, your licensed benefits counselor is available to provide assistance throughout the year, and during Open Enrollment each year. If you have questions about your new healthcare plan or need assistance with enrollment-related carrier issues, help is just a phone call away.

What to expect in the years to come

Typically, if you like your healthcare plan(s), and the carrier continues to offer the plan(s), you do not need to re-enroll each year. However, there are a few things you will need to consider each fall:

- We will send you a reminder that the Open Enrollment Period is approaching. If you do wish to make a new healthcare plan election, keep in mind the Open Enrollment Period (for individuals not yet Medicare eligible) is typically scheduled for the November 1 – December 15 timeframe; this is subject to change, so we will be sure to communicate with you in advance of that date.
- By law, your insurance carrier is required to send you information about plan or pricing changes. Please be certain to open, review, and save all of this documentation.
- If you are considering making a change to your healthcare plan, please be certain to contact a Aptia365 benefits counselor BEFORE making any changes on your own. There are implications you may need to consider, and our licensed benefits counselors are trained at making sure you understand these prior to enrolling in a new plan.
- When you or another member of your household becomes eligible for premium-free Medicare Part A or Medicare Part A that requires premium payments; see page 10 for more details.

What should I expect from Aptia365 when I become eligible for premium-free Medicare Part A or Medicare Part A with premium payments?

When you or another member of your household becomes eligible for premium-free Medicare Part A or eligible for Medicare Part A with premium payments, rest assured that the transition will be an easy one for you. An Aptia365 licensed benefits counselor will guide you through the enrollment process in the same manner as he/she did with your pre-65 enrollment.

As a Post-65 Non-Medicare Eligible retiree, you should contact Social Security and reapply for Medicare to verify your eligibility status for premium-free Medicare Part A or Medicare Part A that requires premium payments.

To enroll in a Medicare Advantage plan or a Medicare Supplement plan, you must enroll in Medicare Part A and B in a timely manner. Enrollment in a Prescription Drug Plan -- Medicare Part D -- only requires enrollment in either Medicare Part A or Part B.

If you want to better understand the Medicare program and different benefits, you may visit CMS (Centers for Medicare and Medicaid Services) at <https://www.medicare.gov> or call 1-800-MEDICARE (1-800-633- 4227; TTY 1-877-486-2048), available 24 hours a day, 7 days a week.

CMS produces a comprehensive publication each year, Medicare & You, that discusses the Medicare program in its entirety. You may request a printed copy of this book by calling 1-800-MEDICARE (1-800-633-4227); TTY users should call 1-877-486-2048. You may also access this publication online by visiting <https://www.medicare.gov/pubs/pdf/10050-Medicare-and-You.pdf>.

? Where can I find answers to additional questions I may have?

We recognize your health plan choices and costs are important to you. If you have questions, we encourage you to reach out to your benefits counselor to understand more about this transition. Below you will find answers to many questions frequently asked by retirees and their dependents.

WHAT IS MY DEADLINE TO ENROLL IN A PLAN?

In order to avoid a gap in coverage, you must enroll in your plan(s) before your current coverage ends. You have 60 days from when your Aramco group coverage ends to enroll, but you may experience a gap in coverage if you wait until after your current coverage ends to enroll and you may be without coverage for a period of time. You will not be able to enroll retroactively in coverage.

WHEN WILL MY PLAN BE EFFECTIVE?

Plans available on the individual market are typically effective the first of the month following enrollment.

HOW WILL I OBTAIN MY HEALTH INSURANCE?

In order to help you find the plan that best fits your needs and budget, your former employer has partnered with Aptia365 to guide you through the process from beginning to end. Aptia365 will be your single point of contact for health and prescription drug insurance issues — before, during and after your enrollment.

WHAT HEALTHCARE PLAN CAN I ENROLL IN TO BE ELIGIBLE FOR MY EMPLOYER PROVIDED SUBSIDY?

The healthcare plan must be a qualifying medical plan in the Non-Medicare eligible individual marketplace.

? Where can I find answers to additional questions I may have? continued

HOW WILL I PAY FOR MY HEALTH INSURANCE?

You will now pay your premium(s) directly to the insurance carrier for your retiree healthcare coverage and the retiree will be reimbursed monthly from available funds in the retiree's HRA. The retiree can be reimbursed for eligible premiums via direct deposit into a bank account or a paper check. For additional details about your HRA, you may refer to the Reimbursement Instructional Guide you will receive after enrolling in medical coverage.

WILL I BE REQUIRED TO CHOOSE A NEW DOCTOR?

It depends on the health insurance strategy that you choose. Individual healthcare plans offer narrower provider networks. Your Aptia365 benefits counselor will review the plans you have available in your zip code and determine if your doctor(s) are included in the provider networks. You may also call your doctor to confirm what plans they will be participating in the provider networks.

HOW LONG WILL THE APPOINTMENT WITH MY BENEFITS COUNSELOR LAST?

In general, you'll spend about 60 to 90 minutes on the phone speaking with your benefits counselor. The length of the call will depend on whether you enroll that day or want to include a family member or caregiver, or a power of attorney on the call. The length of your appointment will also depend on how much preparation you wish to do in advance.

Remember, your benefits counselor is an excellent resource and will take as much time on the phone or in a future conversation as you need to feel comfortable with your healthcare choices.

If you go online to the Aptia365 website prior to your consultation to enter your prescription drugs, your appointment could be much shorter. See the checklist in this Enrollment Guide for details on how to prepare for your call.

IF I NEED ASSISTANCE WITH ENROLLING, CAN SOMEONE SPEAK WITH MY BENEFITS COUNSELOR ON MY BEHALF?

If you complete and sign a Personal Information Authorization form (found on retiree.aptia365.com/aramco in the 'Prepare For Your Consultation' section), anyone listed on the form can assist you with your plan information and/or selections. However, **a durable Power of Attorney (POA) document must be on file at Aptia365 for anyone but the retiree to enroll in healthcare coverage.** Anyone who is listed on the durable POA can act on behalf of the retiree in all insurance capacities.

IF I LIKE THE BENEFITS COUNSELOR I HAVE MY CONSULTATION WITH, CAN I REQUEST THAT SAME PERSON AGAIN?

The person you enjoyed dealing with before may not be available due to other scheduled appointments when you call. Every benefits counselor must, by law, be licensed, and certified to talk with you about the plans in your specific geographic area.

Please be assured that if you can't reach the benefits counselor you request, all of your information is available in our secure system, and another licensed benefits counselor will be able to assist you.

WHAT HEALTHCARE PLANS WILL BE AVAILABLE?

The individual healthcare insurance market has the following metal tier plans: Bronze, Silver, Gold, and Platinum. Plans in these categories differ based on how you and the plan share the costs of your care. Bronze plans will have lower premiums but higher out-of-pocket expense when going to a doctor. Gold plans will have higher premiums but will have lower out of pocket expenses when going to a doctor. The categories have nothing to do with the amount or quality of care you receive.

WHAT BENEFITS WILL BE COVERED UNDER MY PLAN?

All individual healthcare plans provide the same essential health benefits, cover pre-existing conditions, and offer free preventive services. However, many plans will offer additional benefits which your benefits counselor can review.

? Where can I find answers to additional questions I may have? continued

WHAT ARE “ESSENTIAL HEALTH BENEFITS?”

Essential health benefits are included in all individual healthcare plans. There are ten categories of essential health benefits including: ambulatory patient services; emergency services; hospitalization; maternity and newborn care; mental health and substance use disorder services, including behavioral health treatment; prescription drugs; rehabilitative and habilitative services and devices; laboratory services; preventive and wellness services and chronic disease management; and pediatric services, including oral and vision care.

DO I NEED TO ENROLL IN A PLAN WITH PEDIATRIC DENTAL COVERAGE?

Pediatric dental coverage is included as one of the ten essential health benefits that are all a part of individual healthcare plans. Many carriers include pediatric dental coverage as a rider or require the enrollee to attest they have dental coverage that include pediatric dental. Your Aptia365 benefits counselor will work with you to ensure you choose the appropriate benefits to include pediatric dental so your plan is compliant with the Affordable Care Act’s (ACA) regulations.

IF I DON'T LIKE THE PLAN I'M ENROLLED IN, WHEN CAN I CHANGE?

Outside of the annual Open Enrollment Period—typically November 1st through December 15th—the only way you can obtain or change your health insurance is through one of two ways: (1) Qualify for a special enrollment period if you lose job-based coverage, have a baby, get married, or have certain other life changes, or (2) Qualify for Medicaid or the Children's Health Insurance Program (CHIP). Your licensed benefits counselor can answer any questions you may have about changing your plan during your consultation or at any point throughout the year.

The insurers whose policies you may enroll in are separate and independent from Aptia365. Aptia365 is not responsible for any insurer's or service provider's failure to provide coverage or service, including but not limited to any failure resulting from the insurer's or service provider's current or future financial condition or solvency. From time to time, insurance companies may become insolvent and fall into receivership with the state's insurance regulatory authority. In addition to potential access to state guarantee funds, these state departments also may provide financial information. See your state's department of insurance website for any information they may provide. While each state does impose its own minimum capital and surplus requirements on insurers, Aptia365 also advises that you consider the ratings of an independent agency. Independent agencies, such as A.M. Best (www.ambest.com), may also issue ratings describing their evaluation of an insurer's financial ability to honor its insuring obligations. Insurers receive different ratings. Some insurers available to you fail to achieve the agency's rating for superior or excellent. Aptia365 recommends that you carefully consider financial information provided by both state insurance regulators and independent rating agencies when purchasing insurance coverage.
